Dear Parent/Carer

Re: Covid 19 Testing Kits & Registering Results

Your child should have now brought home two boxes of COVID19 home testing kits so that you can help them test themselves for the virus twice a week. With the kits were an instruction booklet and a letter that explain how to do the tests and how to register the result.

In order to register the result you should have received an e-mail from TestRegister with an Activate Account link. Please use this link to register every test result. If you have not received a TestRegister e-mail yet please use the link below.

<http://testregister.co.uk/login>

If you use this link you will be asked to enter your e-mail address and TestRegister will then e mail you the link to register test results. This new e-mail from TestRegister will only be sent if the e-mail address you enter is the same as the one you have given the school as your main contact e-mail. If you want to change your main contact e-mail please call reception or e-mail the school with the new details.

Students will be given additional testing kits in school next week to cover the tests to be completed over the Easter holiday.

Yours faithfully

K Nunn
